

Rivers and Canoes

The adventure begins with a 3 day canoe trip down a beautiful river, followed by a day off-roading before finally arriving at the park.

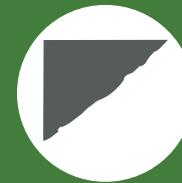

Caves

Tours are given by locals and begin with several caves and crevices to explore which are exciting and fun for all ages.

Rock Climbing

The next several hours are spent with a harness on as you climb in, up, and around these amazing rock formations, truly an experience unlike another.

Rope Bridges

As the exploring and adventuring continue there are several robe bridges to cross each with their own spectacular view and unique expereince.

People and Connections

This is a unique opportunity to spend time with the people you love in nature connecting with the beauty that surrounds you on all sides.

Rock Formations

The Tsingy, translated into English as “where one can only walk on tiptoe,” is named for its unique peaks creating a forest of limestone needles.
